Culture Suggestions For Greenhouse and Outdoors

Work soil at least 18 inches deep; use liberal amount of well decayed manure. Cow manure is best. Use sprinkling of lime and bone; Soak seed in water for about 24 hours or until swelled up and then plant about 1½ to 2 inches deep in a well firmed soil that is good and moist, but not sticky. (DO NOT SOAK WHITE SEEDED VARIETIES).

In recent years a copper oxide preparation has frequently been dusted on sweet pea seeds to prevent damping off, the same proving very satisfactory. This can be procured at most seed stores under various names. Inoculation of seed is also highly successful.

Peas will not do well in too loose a soil. Plant one inch apart and later thin to about six inches. Do not water until seeds have begun to germinate. After germination has taken place give good soaking. MOST FAILURES ARE CAUSED BY WATERING BEFORE SEED HAS SPROUTED. If weather is hot use some kind of shading. Protect young plants from birds outdoors. Look for Green Aphids regularly as this insect is the worst enemy. Spraying with nicotine, one part nicotine to 400 parts water with spray gun is best. There are also many other good insecticides which are excellent for the control of Aphids. Give young plants substantial supports in order that they may climb and produce good flowers. Poor flowers with crooked stems are worthless. Liquid manure feeding after they come in bloom will lengthen the flowering period and produce better flowers. Pick all flowers as this also lengthens the flowering period. Always keep the surface earth loose and never allow a crust to form. If grown indoors keep ventilators open to keep the air as dry as possible. A house that is kept damp and sultry will cause too much growth and the sweet peas will not bloom as soon as they should, and then will begin to bloom too high up. Early sweet peas usually bloom from 75 to 100 days after seed is planted. Many nurseries start sweet pea seeds by germinating in Vermiculite and then selling germinated seed or pot them for sale. Sterilize soil before planting if you have root rot trouble.

CONDITIONS OF SALE

Send your orders as soon as possible after receiving catalog to insure prompt delivery. Orders are filled the same day we receive and we exercise the utmost care in filling orders.

Owing to the handling of other flower seed not raised by us we are compelled to use the seedsman disclaimer.

WILLIAM ZVOLANEK & CO., give no warranty, expressed or implied as to description, quality, productiveness or any other matter of any seeds we sell and we will not be in any way responsible for the crop. If purchaser does not accept seed on these terms they are to be returned immediately and the money paid for same will at once be refunded.

Any questions in regard to growing will be cheerfully answered. In case of shortage or crop failure we will take the liberty of substituting with the best and nearest color. If this is not wanted, mark your order "No Substitute."

TERMS

A 6% discount will be allowed on all orders with remittance enclosed and all such orders will be sent postpaid to any part of the postal union, or Canada. Orders not accompanied with remittance, postage will be added and if party is not known will be sent C.O.D., unless other arrangements are made in advance. To insure delivery of foreign orders, postal money order should accompany order with postage added or we cannot be held responsible for delivery. ALL FOREIGN ORDERS MUST BE AT PAR WITH U. S. CURRENCY.

If you wish seed to be sent via airmail allow extra for postage. 12 cents for 1st oz. 6c each additional oz. up to 8 ozs.

Ask for our Special Prices on lots of 10 lbs. or more.

If your shipment does not arrive within two weeks on the east coast, please notify us immediately.

THE ZVOLANEK SWEET PEAS

Zvolanek Early Multi-flora — Zvolanek Spring Flori-bunda —
Zvolanek Late Plenti-flora

THE WORLD'S BEST

In 1957 we introduced our ZVOLANEK'S MULTI-FLORA PYGMY SWEET PEAS EARLY FLOWERING. These have been well distributed to the trade all over the world and have been acclaimed as outstanding. This season we are introducing a new sensational Calendula. ZVOLANEK'S CRESTED CALENDULA (see photo). This is the most outstanding calendula ever produced by any one and there is none better. They are just SENSATIONAL. Flowers come in all colors, of Calendulas, except that all flowers are crested. The quills of the dark eye colors are tipped dark as photo; light eye are straight colors. We have a large planting of mixed colors but straight colors will be limited as plantings of these are small. There are no other calendulas like these. Be the first to grow them. You cannot go wrong.

Our Zvolanek's Multi-flowering sweet peas are now accepted all over the world as standard and all other types will be obsolete in a few years. All three types have been originated by Mr. William Zvolanek. ZVOLANEK'S EARLY MULTI-FLORA, ZVOLANEK'S SPRING FLORA-BUNDA AND ZVOLANEK'S LATE PLENTI-FLORA the most outstanding sweet peas in the world today. We are still improving all these types and all will outclass those grown by other growers from our first releases. Most Early Multi-floras that are advertised just by color are our first releases which we have long ago discarded, so we are sure you are not getting the best. All our best are now named varieties and all are improved to give better results. If you are getting any sweet peas by any other than THE ZVOLANEK SWEET PEAS you are not getting the most modern sweet peas. BUY THE BEST. Again we thank you for your past patronage and trusting you will again buy the best obtainable.

Very Sincerely yours,

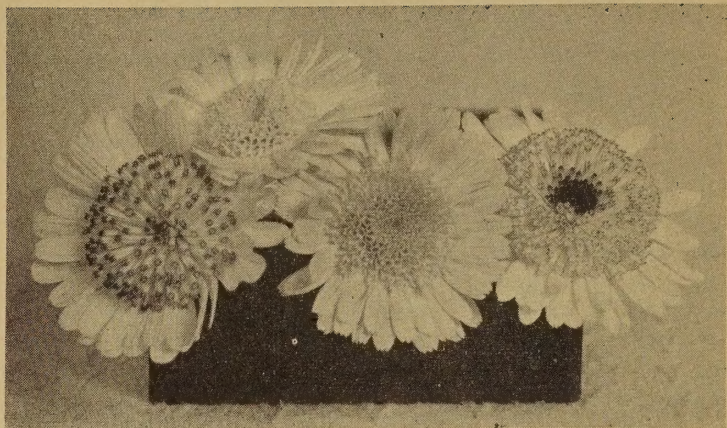

WILLIAM ZVOLANEK & CO.

William Zvolanek, Prop.

We are revising our mailing list this year. If you have not ordered and wish to stay on our mailing list please advise us to be retained.

ATTENTION TO CALIFORNIA GROWERS

A 3% Sales Tax must accompany all orders from California, unless you have a sellers permit number from the California State Board of Equalization. If you have a sellers permit number, place same on your order which will exempt you from the above Tax. We must have a record of your number on file at all times. Out of state orders tax exempt. Please send sellers permit number with order or add Sales Tax.

ZVOLANEK'S SENSATIONAL NEW CRESTED CALENDULAS

Originally sent to us from Germany. We have been improving these for about five years and they are now 100% crested as photo shows. This is a new outstanding calendula in every way with extra large flowers. The dark eye ones have dark quilled tips.

ZVOLANEK'S CRESTED CALENDULA MIXED COLORS. Mixture of all colors.

ZVOLANEK'S CRESTED CALENDULA ORANGE (light or dark eye)

ZVOLANEK'S CRESTED CALENDULA YELLOW (light or dark eye)

ZVOLANEK'S CRESTED CALENDULA GOLD (light or dark eye)

Straight colors not available in more than 1 oz. each, as stock is limited.

PRICE ON EACH 1/2 oz. \$5.50 1 oz. \$10.00 4 ozs. \$35.00

THE ZVOLANEK SWEET PEAS

We consider it **UNFAIR TRADE PRACTICE** by any firm listing our three types of **MULTI-SWEET PEAS** by any other name than the **ZVOLANEK SWEET PEAS**.

ZVOLANEK MULTI-FLORA (Early)

ZVOLANEK FLORI-BUNDA (Spring)

ZVOLANEK PLENTI-FLORA (Late)

Mr. William Zvolanek is the originator and introducer of all three. Several firms are now listing these by their firm name. Please do not accept by any other than the **ZVOLANEK SWEET PEA**.

ZVOLANEK'S MULTI-FLORA (EARLY)

This is the early Multi-flowering type and is grown by all florists for winter bloom under glass. They are also grown outdoors all over the U.S., Canada and foreign countries. For outdoors they are especially useful where the summers are short and where other sweet peas do not thrive. Also for all the southern states for extra early bloom. These are the all year around sweet peas that can be planted any time and will bloom in about 75 days after planting depending on weather conditions. They will bloom earlier than any other sweet peas outdoor. Are just as heat resistant as any other sweet peas. All colors are now improved. 5 to 8 flowers on very long stems.

INTRODUCING OUR NEW SENSATIONAL TYPE OF ZVOLANEK PYGMY DWARF SWEET PEAS

Outstanding for either outdoors or indoors

For borders or ground cover or on supports where height is about 4 to 5 feet. For borders they grow about 12 inches high and can be cut for flowers with 12 to 14 inch stems, with six or more flowers per stem.

In greenhouses where head room is low.

ZVOLANEK DWARF PYGMY WHITE W.S. — pure white

ZVOLANEK'S DWARF PYGMY ROSE PINK — A fine pink.

ZVOLANEK'S DWARF PYGMY SALMON PINK — Rich salmon pink.

ZVOLANEK DWARF PYGMY MIXED — a three color mixture of rose pink, salmon pink and white.

We will soon have a wider range of colors.

Price on each 1/2 oz. \$3.00; 1 oz. \$5.50

NEW VARIETIES OF ZVOLANEK'S EARLY MULTI-FLORA

ZVOLANEK'S SUPREME — A rich rose pink with well set flowers on extremely long stems. The finest rose pink we have ever produced.

ZVOLANEK'S ROCKET — A very fine scarlet cerise of medium color, with well set flowers. Sixes and more on very long stems.

Price on each: ½ oz. \$1.75; 1 oz. \$3.00; 4 ozs. \$10.00; 1 lb. \$30.00

Double Nasturtium, Globe mixed, compact non-trailing.

Price on each: 1 oz. .50; 4 ozs. \$1.50; 1 lb. \$4.50

LETTERS FROM OUR GROWERS

Dear Mr. Zvolanek: You may be interested — Last winter I wrote you that after growing your sweet peas since before they were officially introduced, that in 1956 — I lost them all when they were 15 to 17 inches high. Your reply suggested soil infection. I treated the soil, 5 tbsp. to the gallon — $2\frac{1}{2}$ oz. 1 to 50, 37% Formaldehyde — applied $\frac{1}{2}$ gallon to the square foot. Planted identical row in 1956. Results — as good sweet peas as I ever grew. Will repeat the formaldehyde this year.

P. W. YOUNG, Minneapolis, Minn.

Dear Sirs: Owing to our publicity of the Zvolanek seeds — has gone around the entire British Isles. We have sold thousands of packets. Will entirely clear us out of your seeds. Note that in every case we stress the name ZVOLANEK.

KATHLEEN HUNTER, Callestick, England.

Gentlemen: Once more I must order your very fine sweet pea seeds. They are truly the loveliest and largest sweet peas I have ever seen and we have wonderful success with them.

MARSHALL FLORAL CO., Marshall, Mo.

Dears Sirs: Last year I had earlier and prettier blooms than I have ever had from your seeds. I have been buying from other large seed houses, but they never were pretty like yours. Thanks.

MRS. FRANK G. BROWN, Florence, S. C.

Dear Mr. Zvolanek: Your Zvolanek Multi-flora's have done exceptionally well this year. They are real money makers.

FREDERICK NORNING, Steinheim, Germany.

Gentlemen: For years we fussed around with sweet pea seed, until we started using your sweet pea seeds, and we have been more than satisfied with results. The Candytuft seed you sent last year proved very good.

SPRINGVILLE FLORAL CO., Springville, Utah.

Dear Sirs: We always have good luck with your sweet peas.

Melbourne Tropical Gardens
Melbourne, Fla.

Dear Sirs: We have been growing your sweet peas for over 25 years and each year they seem better. Had stems over 24 inches long and as many as 8 flowers on a stem.

G. E. Berthold, Florists
Nebraska City, Nebr.

Dear Sirs: This will be my 4th year planting your seeds. I have had wonderful luck. I plant early in Oct. and have lovely flowers 'til middle of May.

Mrs. Marie Cowley
Cape Cod Shop, El Dorado, Kans.

Gentlemen: I have tried for several years to grow long stemmed sweet peas and yours are the first that have been a success. Some of the stems were ten or more inches long and the blossoms were beautiful. They were greatly admired by all who saw them.

R. A. Alexander, Grosse Ile, Mich.
